Percentage of women-owned businesses per industry in Indonesia

Women, business and the law: key indicator scores

Scores are determined by criteria defined by the World Bank regarding whether a country's legal framework prevents women from accessing certain rights, opportunities or protections. A perfect score is 100, indicating that women are not legally discriminated against and have the same rights and opportunities as men.

Indonesia's legal framework does not discriminate against women as they...	Indonesia	East Asia
Access institutions, either public or private	91	95
Use property for either personal or professional purposes	60	83
Get a job in any industry, regardless of marital status or pregnancy	64	59
Are provided with incentives to work, including benefits	20	49
Go to court and access legal services, for either personal or professional purposes	75	65
Build credit and access finances	0	19
