Ollie's Natural Hand Sanitizer Spray

Ollie's hand sanitizer made with pure essential oils of orange, peppermint and tea tree, aloe vera and ethyl alcohol is perfect for people on the go who want to keep their hands clean but soap and water isn't available close by. The end product contains alcohol at 69% to ensure it meets CDC requirements, and is manufactured in and sold out of Singapore.

**Delivery:** We can offer door delivery within Singapore. We are able to export bulk quantities and can offer on CIF terms, provided the receiver has the licenses to clear goods at their end and we are not required to hold any special licenses (given the high content of alcohol, this product is flammable and falls under the DG category). As for the U.S., we are in the process of adding this product to our existing FDA registration. Note that exports over 5 litres will be by sea due to goods being under DG (dangerous) category.

**Other info:** We can send you a quote based on your quantity requirement and shipping fee (where applicable). We will despatch goods within 2 weeks of confirmed order / sample approval. Payment terms will be 15 days from invoice date (negotiable).

**Retail Packaging:**
- 30ml / 1 fl. Oz.
- Packed in glass bottle with fine mist spray head
- Bulk quantities are possible.
- If you need a different sized bottle packing (50ml / 100ml / 500ml etc), please let us know. If not already stocked, there could be a potential bottle sourcing delay.

**Wholesale Packaging:**
- 1, 5, 20, 25 litre options.
- Packed in high quality plastic HDPE 2 jerry cans
- If you need a different sized drum packing, please let us know. If not already stocked, there could be a potential drum sourcing delay.

VIP Cosmetics Laboratories

Hand Sanitizer

The hand sanitizer we produce is waterless and is primarily composed of alcohol at 70%. Our sanitizer can also be used to disinfect surfaces.

The Sanitizer is available in the following sizes: 100ml, 250ml, 400ml, 750ml, 1l and 5l.

The sanitizers are contained in plastic bottles and are packaged in cardboard boxes for delivery.

We are based in Gauteng and have 2 vans and a panel van which we use to make deliveries. We also use a courier company named The Courier Guy to deliver packages anywhere in South Africa.

We can deliver to the areas of Gauteng, KZN, Mpumalanga and Bloemfontein.

We will be capable of sending out 1 ton a day by April.

We currently operate under a cash on delivery business model.

Orders can be placed through calling the numbers provided below or sending an e-mail to the sales e-mail address provided below.
